## Snapshots

"I arrived right after school let out...a lot of kids asked me when the next Wyldlife Club was going to be. Wyldlife is staying in the forefront of kids minds." - Melissa, St. Thomas

"One of our kids shared with me that she is praying for a way to share her faith with one of her classmates. This blew me away...that a kid is praying for another kid's spiritual life. This young lady is a potential Young Life leader!" - Sheree, Bermuda

"I wasn't much into Christian things in Jr. High. Since I got involved in Young Life, I started learning about Christ and it all made sense to me. Now I wake up excited because I have another chance to come to Young Life and learn more." - Adam, a student on Long Island, Bahamas

"We had a three on three basketball tournament fundraiser for the kids going on our mission trip...it was a fun day for the kids and community...we took in \$1,000. Today, a friend wrote and told me they wanted to match that amount." - Dan, Long Island

## Prayer Requests

We need prayers for upcoming summer camps. Kids going to camp leave their everyday life behind and experience God's love in an atmosphere of adventure, fun and surprises in true Young Life style.

Young Life has been taking kids to camp for over 65 years and, through all those years, the goal remains the same - giving kids "the best week of their life" while introducing them to Jesus Christ.

Please pray for Caribbean middle and high school students to sign up and go to camp.

Also, please pray that God will remove all barriers so no Caribbean kid will be left behind.
